A GMP
CERTIFIED COMPANY

ISO 9001-2008
CERTIFIED COMPANY

Manufactures of Ayurvedic , Siddha and Food suppliment

Aravindh Herbal., Rajapalayam,an institution which is well konwn in all over Tamilnadu and major parts of india was established with a noble thought to manufacture traditional herbal, Siddha, Ayurvedic Medicines and also food supplements and health care products to overcome common ailments and even to cure advanced diseases in a proper manner without causing any adverse side effect. Aravindh Herbal.,was established by *Dr.PRajalingam* having 40years experience in the field of siddha and homoeo medicine.

THE SHORT PROFILE OF OUR MISSION.

The company was established in 1992, in a small area was manufacturing about 40 siddha medicines. The company has gradually developed to manufacture 140 siddha medicines by 1995. and changed its constitution in to a private limited company. In 1998 the company was expanded in a new building of 20,000 square feet RCC structure in natural and pollution free location at 4th Kilometer from Rajapalayam town, very nearer to Western Ghats and Sanjeevi Hills where medicinal value herbals are available. And there is a suitable atmosphere and these innovative changes uplift it to increase our range of products to 300 drugs and the company became one of the leading manufacturer of Siddha and other alternative medicines with in a short span of time.

More over, the company manufactures and markets the most of wanted Ayurvedic Sastric Medicines, to feed the Ayurvedic consumers.

Our Establishment is adopting siddha and ayurvedic drugs manufacturing process which were discovered by the spiritual attained siddhars and saints in the past million years. This system is not only having medicines for curing diseases but also consists of Yoga, Meditation, Astrology and other mental health practices for the attainment of spiritual goal which is the final goal of the humanity.

The company is attaining the leading level in the market because of the quality of the products at affordable price with an effective marketing strategy. As we never underestimate the importance of the quality and giving health.

QUALITY POLICY :

Our highly dedicated teamwork is determined to achieve customer

satisfaction by manufacturing and ensuring on time delivery of quality Siddha, Ayurvedic and Homeopathic Medicines at nominal price.

QUALITY OBJECTIVES :

Achieving 100% Customer Satisfaction.
Achieving 100% on-time Delivery.
Reducing in-house Rejection to less than 1%.

PRODUCTION :

ARAVINDH HERBAL., Mostly believes the good minded dedicated staff and a level headed workers. Before starting the daily work, meditation and Sankalpam are being under taken by all the workers and staffs to give complete health and peace to the humanity.

The Company is strictly adopting **GMP** i.e. Good Manufacturing Practice from raw material to finished products. The company is certified by **ISO : 9001 : 2008**. The company is well equipped with sophisticated modern machinery but, we perfectly match the tradition with technology to preserve the best quality of the products.

The production process adopts hygienic method by cleanliness, untouched by hands, cleaned stainless steel vessels.

The more medicinal value herbs and raw material are procured from which are available in the near by areas and also from the place where the raw materials have more medicinal properties. The company is giving top priority to the quality only not to the cost of the material. The company never encourages the procurement of substandard raw materials. The company also prefers the buy-back arrangements with farmers by providing more medicinal value herbal seeds to obtain the best quality raw material.

The best quality raw materials are further cleaned to remove any foreign materials carefully and forwarded to grinding section. Even though the modern machinery are used for grinding, the quality of the ground material is never reduced. Because the company adopts non-heated method of grinding and gets the perfect quality equivalent to the traditional method of grinding.

Process and production of medicines are also done by traditional method of preparation with modern steam heating methods to obtain the best quality. The company adopts traditional method. For example to produce medicated oils, only fresh leaves, barks etc. Are used and prepared with sesame oil or coconut oil to get the best quality.

Our company never uses ready made extracts and using only farm fresh pure natural herbals for macking extracts, which are produced by ourselves, are used for the preparation of medicines.

Our company never uses synthetic flavors, artificial coloring agent, fragrance, because it is very conscious in the quality and naturality and effectiveness of the products.

The manufacturing processes are systemised asper GMP and ISO standards and computerized for 0% error.

QUALITY CONTROL :

The quality, which distinguishes us from the others. Everyone in the company is well aware about the quality of the products. The quality control department is monitoring the quality of the products at all stages i.e. Inch by Inch of the movement from the raw material to finished products. The lab testing equipments are equipped to maintain the quality. The quality control lab is well furnished with modern equipments to monitor the quality in each and every stage of the processing and if any least quality or inferiority arises at any stage, the whole batch will be completely rejected and destroyed. Our company is more conscious that the medicines are meant for curing the diseases and not for the commercial purpose to make money alone.

PACKING :

The products are packed in hygienic atmosphere. The company is using food grade packing materials, which are not reacting with medicines. Modern machineries are installed for hygienic, untouched with hands and faster packing. All the rooms are fumigated with natural herbal fumes to avoid microbial and fungal attack.

The company has its own in house training programs which have been

designed specially to fulfill the developmental needs to appraise and polish the worker's to cater our targets. And these type of innovative experience will encourage them to accept more challenges.

MARKETING :

At present the company extends its marketing in Kerala, Maharastra, Andra Pradesh and West bengal and started doing field work to promote our business in all over india as the company has the potential and productivity to cater the requirement throughout India. Further our products have demands in foreign countries such as Malaysia, Russia and Singapore and we are going to move ahead directly in the best way.

The main object of the company is to provide complete health to the humanity by the way of supplying remedies and make them healthy and peaceful life.

FOUNDATION :

Bharathi Aravindh foundation is established with a commitment to serve humanity and for the upliftment of the poor people, because service to the society is the duty of everyone.

One of the salient features Of Bharathi Aravindh Foundation is to run Aravindh Health centre. It is a established to carry over research and reveal the ancient education methods for health to the Body and mind.

SPIRITUALITY IS THE FINAL ATTAINMENT AND ITS FINDINGS ARE THE ONLY TRUTH.

HOSPITAL :

Medicated Baths to refresh you - allow your skin to breathe better. The Traditional Indian practice of Ayurvedic massages to rejuvenate and prevent premature aging and to become once again beautiful. Natural fruit diet and fasting to revitalize and eradicate the diseases.

Which will wipe out the wrinkles of wearisome routine life and worries and gear up and ensure a long lasting mental, physical and spiritual wholeness of life and to be happy and healthy and show case the

benefits of nature based life style. In this hospital treatments are given by expert doctors team in Naturopathy, Siddha, Homoeopathic and Ayurvedic systems. Patients are also advised to take nature foods like coconut, banana, pomegranate, papaya etc. Which give 100% health.

HEALTH CLINIC :

Free medical consultation is being provided through Aravindh Health Clinics all over India.

EDUCATION :

Regular classes are conducted for interested persons about our traditional system of medicines, herbs, body anatomy, physiology and Nadi Sasthiram to make them self healer.

FOOD IS MEDICINE - MEDICINE IS FOOD !
